The Second International Conference on Computer Vision and Machine Intelligence CVMI - 2023

10-11 December, 2023

Jointly organized by ABV-IIITM Gwalior, India and University of the Ryukyus, Japan

About

The present world is witnessing rapid advancements in the field of Information Technology. specifically, in the areas of Computer Vision and Machine Intelligence, cherished by the society and industry. The amount of Research and Development activities across the globe has been drastically scaled up from the past few decades in these research areas. Hence, the second international conference on Computer Vision and Machine Intelligence (CVMI) 2023 is organized at Atal Bihari Vajpayee Indian Institute of Information Technology and Management (ABV-IIITM), Gwalior, Madhya Pradesh, India from 10 to 11 December 2023. The first version of the CVMI was organized by IIIT Allahabad in 2022. This conference is meant for researchers from academia, industries and research & development organizations all over the globe interested in the areas of computer vision, artificial intelligence, optimization, machine learning algorithms, and related applications. It will put special emphasis on the participations of PhD students, Postdoctoral fellows and other young researchers from all over the world. It would be beneficial to bring together a group of experts from diverse fields to discuss recent progress and to share ideas on open questions. The conference will feature world-class keynote speakers in the main areas.

Call for Tutorials:

The CVMI-2023 invites proposals for tutorials on established and emerging topics in the area of computer vision, artificial intelligence, optimization, machine learning algorithms, and related applications. Each proposal should clearly specify the subject matter, a detailed outline of the major topics covered, goals of the tutorial and the intended audience.

A submission should include the following details: Title of the tutorial, Presenters (Name, Affiliation and Brief Bio), an abstract with maximum limit of 400 words, Duration (max: 2 hours), Target audience, and how the intended target audience would benefit from the tutorial. The submissions can be submitted in a Word or PDF format.

The submissions can be sent by e-mail to the tutorial chair:
